

## Corrigendum

### Correction Note:

Article Ibrahim, R., Akinbile, O. C., Ewulo, B. S., Owolabi, A. O., Adakole, S., & Ajayi, A. S. (2026). Grindability and Mineralogical Characterization of Ikpeshi Basalt for Effective Soil Amendment. *Studia Universitatis Babeş-Bolyai Engineering*, 70(1), 55–68. <https://doi.org/10.24193/subbeng.2025.5> has been corrected on the Platform ([Volume 70, No. 1, November 2025 | Studia Universitatis Babeş-Bolyai Engineering](#)).

Date: Saturday, 18 July 2026 12:03:57

Subject: Request for Article Correction from Ibrahim Rasheed <[ibbrroo88@gmail.com](mailto:ibbrroo88@gmail.com)>.

The change includes “the arrangement of the authors’ names in the manuscript as *Ibrahim Rasheed, Akinbile Christopher Oluwakunmi, Ewulo Babatunde Sunday, Owolabi Ayodele Olumuyiwa, Adakole Sunday, Ajayi Asishana Stanley* instead of how it is initially arranged on the manuscript such as Rasheed Ibrahim, Akinbile Oluwakunmi Christopher, Babatunde Sunday Ewulo, Ayodele Olumuyiwa Owolabi, Sunday Adakole, Asishana Ajayi Stanley”.

Other parts of the article were left untouched. No changes were made that would compromise the integrity and content of the article.

**Editors’ Note:** The article was corrected on Monday, July 20, 2026 10:55 AM. The pdf file of the volume also includes a *Corrigendum*.
